Design Icon... Anglepoise lamp

There's no denying the iconic splendour of the **Anglepoise lamp**, over 70 years old and still true to George Carwardine's original design. Its global success story comes down to a series of springs that make certain the lamp can move into any position to provide maximum illumination with the minimum of fuss. Originally intended for industrial purposes, the first version of the Anglepoise lamp proved so popular that a more stylish domestic version swiftly followed. The Original 1227 in black, blue, cream and red is £142 and the Original 1227 in chrome is £180. 023 9222 4450 or www.anglepoise.co.uk
