SIZES

DETAILS

FIXING
Secured to wall by 2 screws (not supplied), wall fitting covers 2" x 4" rectangular junction box. Please ensure fixings, junction box and wall surface are suitable to carry the weight indicated below.

INSTALLATION
Fixture requires on site assembly by qualified electrician.

ELECTRICALS

LAMP
240V/120V
Warm White LED tape (2700K) 550 Lm.

POWER
24V LED tape with power output of 7W.

Supplied with 24V constant voltage mains dimmable transformer. Trailing edge dimming is recommended for best results. Transformer is housed within wall mounting.

240V/120V
14W transformer supplied.

1-10v dimming options are available by request, requires an additional cable circuit to be provided, please consult your electrician for suitability.

Full transformer specification available upon request.

STANDARD
All lighting is made to CE standards.
LED tape UL listed, driver ETL certified.

NOTES

Please note that size variations in hand blown glass may range up to 40mm (1.5").

*Custom colours, finishes and sizes available - please contact Baroncelli for more details.
