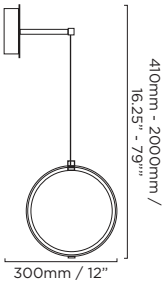
WEIGHTS

1 light 1.5 kg (3.5 lb)

SIZES



DETAILS

FIXING
Secured to wall by 2 screws (not supplied), wall fitting covers 3.5" octagonal junction box.
Please ensure fixings, junction box and wall surface are suitable to carry the weight indicated.

INSTALLATION
Fixture requires on site assembly by qualified electrician.

ELECTRICALS

LAMP
240V/120V
Warm white LED tape (2600K) 550 Lm

POWER
24V LED tape with power output of 7W

Supplied with 24V constant voltage mains dimmable transformers. Trailing edge dimming is recommended for best results. Transformers are housed within wall mounting.

Full transformer specification available upon request.

1-10v and DALI dimming options are available by request, requires an additional cable circuit to be provided, please consult your electrician for suitability.

STANDARD
All lighting is made to CE standards.
LED tape UL listed, transformer ETL certified.
