DIEGO - TWO TIER - CHANDELIER

INSTALLATION INSTRUCTIONS

2 OF 4

BARONCELLI ⌘

STEP 1

Using a heavy-duty hook secured firmly into a joist, hook the ceiling canopy and chain. Ensure hook is capable of taking a 32kg load.

NOTE: CEILING HOOK IS NOT SUPPLIED

STEP 2

Remove excess chain to determine full drop.

STEP 3

Use shackle to hook the stem to the chain.

STEP 4

Thread cable up through the length of the stem, thread it through the chain and post up through the tube into the ceiling canopy. Make electrical connection.

INSTALLATION INSTRUCTIONS

3 OF 4

BARONCELLI 

STEP 5

Install arms into their corresponding sockets within the upper fondino plate. Secure into the socket below the plate and make electrical connections using 'click' connectors.

STEP 6

Insert glass elements into top tier fondino plate. Raise upper fondino to cover and secure beneath.

STEP 7

Install arms into lower fondino plate making electrical connections using 'click' connectors and securing beneath the plate.

STEP 8

Insert bulbs and test electrics.
