# HALOS WALL LIGHT FACTS

## MATERIALS

### GLASS

Hand cast cristallo glass.

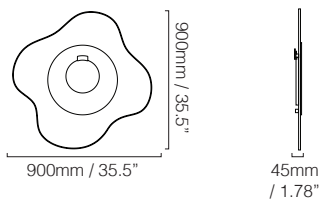

### METAL FINISHES\*

Matt Black.

## WEIGHTS

One size 25 kg (56 lb)

## SIZES

## DETAILS

### FIXING

Secured to wall by 2 screws (not supplied). Will not cover a US junction box. Please ensure fixings and wall surface are suitable to carry the weight indicated. Can be installed with recessed driver, if this can be housed in the wall cavity.

### INSTALLATION

Fixture requires on site assembly by qualified electrician.

## ELECTRICALS

### LAMP

240V/120V Warm White LED tape (2767K):  
900 Ø 4850 Lm

### POWER

24V LED tape with power output of:  
900 Ø 70W

Supplied with 24V constant voltage mains dimmable transformers. Trailing edge dimming is recommended for best results. Transformers are housed within ceiling canopy.

Full transformer specification available upon request.

1-10v and DALI dimming options are available by request, requires an additional cable circuit to be provided, please consult your electrician for suitability.

### STANDARD

All lighting is made to CE standards.  
LED tape and transformer UL recognised.
